

# Flanders "20" Delivery Car

A Studebaker Body on the Famous Flanders "20" Chassis

Price \$800—f. o. b. Detroit

ARE you one of the merchants who have concluded that the day of the delivery car is here? Have you been convinced that to the enterprising dealer horse delivery is a thing of the past? We hope so. The deeper you go into the problem, the more clearly you will see it. Prestige and lower costs have had their say and they are what count. Efficiency—that's the story. Whether you are a small dealer or large, the question is coming right up to you. Which shall it be—Horse or Automobile? Have you realized that on the face of it the case is all in favor of the automobile, not the horse? A car is faster, stronger and tireless. Settle the cost question, and there is no argument.

We want you to consider this; you must consider it, for your competitor surely will. This isn't our belief alone. You merchants have told us the same story many times. "But," said you, "where is the car we want? One car is cheap in price and quality. It has only two speeds; repair bills are too high. Another is better but costs more and is no larger. We need a delivery car. But where is the right car?"

## The Flanders "20" is Ready

Today you have your answer. The Flanders "20" is the car. In it are combined handsome appearance, economy and A-1 service at a fair price. The Flanders "20" is everything a delivery car ought to be. You need it. And when you buy it, you are going to be immensely satisfied.

The unique distinction of this car is that in it are combined the brains of two great divisions of the Studebaker Corporation. The body is the product of the great South Bend works where the best delivery bodies in the world have been made for years. "Studebaker" means the best and the whole world knows it.

The chassis is the famous Flanders "20". Put it to the test and it will stand up. The automobile man does not live today who does not know that the Flanders "20" is one of the best buys in the market.

That's a great combination! A Studebaker body, a Studebaker-Flanders chassis! Where else will you find such skill built into a delivery car?

## Appearance and Power of Flanders "20"

When the South Bend experts designed the body they made it strong, simple, spacious. They discarded the ugly "camel back" effect of competing cars. What was that? They built a car of straight lines and obtained at once ample room and the best looks on the street. Then they finished the body with all the skill which the name Studebaker implies. A rich, deep green, with cream panel, finished like a coach. No wonder it is a god car. The merchant who owns one can be certain his customers know he has the handsomest car out.

Then for power there is the famous Flanders "20" chassis. A stock Flanders "20" Touring Car—the same chassis—took up more than 1,000 lbs. load last autumn and drove 1,200 miles from Seattle, Wash., to Hazelton, B. C. The oldest settlers said it couldn't be done. No automobile, no wheeled vehicle had ever made the trip. For hundreds of miles the route lay over the merest apologies for roads and for a long distance not even a horse had ever been before. The car pulled through bogs, morasses made worse by heavy rains, overcame the roughest forest trails and finally won. For many miles of the worst going the breaking of a single part must have meant failure of the trip. Yet that car pulled over 500 miles on low gear, carried its enormous load and proved once for all that in stamina and sheer bull-dog courage the Flanders "20" hasn't a superior at any price.

## The Car's Record

We have lived with this Flanders "20" since the day it was put on the market and people said the car couldn't be what we claimed and yet sold for \$800. Today our owners not only believe in the car; they KNOW it through and through, and they "boost" it. Go from Maine to California and ask any one of them. Then try any country on the globe. For during November practically 37 per cent of all U. S. foreign automobile exports and 60 per cent of all American cars exported to Australia and the British Isles were Studebaker cars.

The car's record is an open book. It is powerful, economical and trustworthy. In addition, the Delivery body can be removed and the Touring Car body put in its place in a few minutes. They are interchangeable.

Remember this. We believe you are going to buy a delivery car and we know the Flanders "20" is the one big value. It is a Studebaker product. It is worth your money. Price \$800.

Questions of maintenance cost—every little item—will interest you. These, together with our full guarantee and honest study of your peculiar problems, we will be glad to go over with you in detail. Our first run on the cars is limited and for prompt delivery we advise quick action. Ready Feb. 1st.

### PARTIAL SPECIFICATIONS

Horsepower—20. Transmission—Selective. Three speeds forward, one reverse, giving ample power and speed under all conditions. Wheel Base—102 inches. Body Description—Full paneled, handsomely finished. Body, flush on the right side for the protection of the driver. Plate glass windows on each side of seat and in rear door. Inside Body Dimensions—Wide, 43 inches. Long, back of seat, 49 inches. High, 53 inches. Painting—Body, dark green with cream panel; hood and fenders, black; running gear, cream. Lettering extra. ## IRWIN'S ARREST CAUSES SURPRISE

CHICAGO, Feb. 18.—John W. Irwin, former recording secretary of the Peoria, Ill., local of the Structural Iron Workers International union, one of the men indicted by the Indianapolis federal grand jury, was arrested here unexpectedly today. Irwin was arrested before United States Commissioner Mark Foote, and on motion of counsel for the defense, was released on a temporary bond of \$5,000 until next Wednesday. Irwin's arrest was effected by Deputy United States Marshal William H. Crowley and city police officers working under direction of Charles DeWoody, division superintendent of the department of justice. A warrant for Irwin's arrest was not in the original bundle of ten sent

to Chicago for service. Search for him was started elsewhere. Irwin's warrant did not reach Chicago until late Saturday night.

For more than a year the Peoria secretary's whereabouts have been unknown, except to a few close friends. Government officers at Peoria were told that Irwin had been sent to an asylum under an assumed name. It was discovered, however, that Irwin had been employed on several structural iron contracts here within that period. Finally his place of residence was found in a remote quarter of the southwest side.

Irwin appeared greatly surprised when arrested. He denied that he had been connected with the dynamite conspiracy.

When taken to the police station, Irwin asked permission to telephone to Attorney Patrick H. O'Donnell, counsel for the Structural Iron Workers, arrested here. Attorney O'Donnell met Irwin and the federal officers at the government building, where he represented the prisoner in the brief hearing before Commissioner Foote.

"It is Sunday and we are wholly unprepared for this," said Attorney O'Donnell, "and I wish that his preliminary hearing be continued for a few days."

The continuance was granted, the bond was arranged and Irwin left the federal building with his attorney.

### Inwardness of Piles

THE CAUSE IS INSIDE. USE HEM-ROID, THE INWARD REMEDY.

Inward treatment is the secret of the successful cure for piles, HEM-ROID, sold by BADCON PHARMACY, Ogdén, Utah, and all druggists under a strict money-back guarantee of satisfaction. HEM-ROID (sugar-coated tablets) acts inwardly and lives up to circulation of blood in the flabby, swollen parts, curing permanently where salves, etc., only give relief. HEM-ROID costs but \$1 for 24 days' medicine. Dr. Leonard Co. Station B, Buffalo, N. Y. Write for booklet.

## MEXICAN REBELS ARE ACTIVE IN EIGHTEEN STATES

MEXICO CITY, Feb. 18.—Emilio Vasquez Gomez's frank declaration that he will accept the provisional presidency in case the rebels succeed in forcing Francisco I. Madero from the national palace, has gone far toward convincing unofficial residents of the capital that a general rebellion is in progress. Most can officials, however, continue to characterize as local disorders every insurrection in the country.

Although rebels are now operating in eighteen states, the department of the interior continues to give out news denying trouble in a great part of these. Last night there was a fight at San Pedro, some thirty miles from Torreon, in which twenty-seven men were killed, the majority said to have been rebels, commanded by Jose Argumedo. Such information as is obtainable from Torreon indicates that for a considerable distance to the east and as far south and west as Durango, the capital of the state of the same name, the region is being raided almost at will by rebels. The government has denied officially that Guerrero, in Chihuahua, has fallen into the hands of rebels.

Uprising Occurs in Many States. With the exception of the six southern states, where Emilio Zapata and Jesus H. Salgado are stubbornly resisting the army now waging war of extermination, and with some headway, the region most seriously menaced is that in the states of Coahuila and Durango. Other states in which the rebels are operating are Chihuahua, Sinaloa, Zacatecas, San Luis Potosi, Jalisco and Michoacan.

Far south in Tabasco and in the state of Vera Cruz there are bands which appear to be not closely connected with the Zapatista movement.

At present there appears to be no one who is directing the various bands of rebels but from almost all quarters of the republic the rebels have appeared. Vasquez Gomez has been proclaimed as their chief, even Zapata having announced that he will cease only when the fugitive ex-cabinet minister is placed in the presidency.

Among the leaders in the field about Torreon is Manuel Garza Aldape, proclaimed for the vice-presidency. How many rebels there are in arms, no one knows, but the news of the last week indicates that the insurgent force is increasing rapidly.

The government has placed an order in Germany for 100,000 rifles and a big order in Belgium for cartridges.

General Robles, commander of the forces in the south, and his officers, have made plans for a renewal of the campaign this week. Rebels can yet be encountered within a few miles of Cuernavaca and both rebels and fed-erals are waging a pitiless warfare in Morelos. Few prisoners are taken and the government troops last week began the destruction of villages and the burning of women and children into camps in the towns to prevent them from aiding the rebels in the field.

Yesterday in the state of Oaxaca, according to an official note, government troops killed thirteen in a fight with fifty rebels. The assurance is given that these men were the same who tor up the track of the Mexican Southern in Oaxaca a few days ago.

### No Trains in Lower California.

SAN DIEGO, Cal., Feb. 18.—President Francisco I. Madero of Mexico issued a personal order today prohibiting the passage of trains from the United States into lower California. The reason for the order is not known here. Its enforcement is entrusted to the army.

That such order was issued became known when an effort was made to take an excursion party of seventy-five Los Angeles business men across the border at Tijuana.

### Congress Turns Down Madero.

MEXICO CITY, Feb. 18.—Believing that all the insurrections against the government are largely a result of the publication of sensational news, President Madero and his cabinet have appealed to the permanent committee in congress to suspend the article of the constitution providing for a free press, and have been given a negative reply.

The commission was asked also to authorize the extension of the zone in which the suspension of personal guarantees are operative. This, too, was refused.

The proposition was transmitted to the members of the congressional committee at a meeting yesterday, which was calculated to be secret.

The censorship at Cuernavaca was removed last night, but the news emanating from that point today showed little change in the situation. The state of affairs in and about Torreon is practically unknown here, except that the rebels have made no attempt to take the city.

The ten Americans reported in danger at Tlahuala, Coahuila, are, according to information received at the embassy today.

### Watching Home of Gomez.

SAN ANTONIO, Tex., Feb. 18.—United States and Mexican secret service agents have redoubled their vigilance in watching the home here of Emilio Vasquez Gomez since the issuance by the latter yesterday of a manifesto accepting the provisional presidency of Mexico, offered by the revolutionists.

There were no developments today. Reporters who called at the Gomez home were informed that Gomez was ill.

### Gomez Will Not Take the Field.

EL PASO, Tex., Feb. 18.—Urgent messages sent from Palomas, Mex., to Emilio Vasquez Gomez, at San Antonio, Tex., today, urging him to come at once and take the field, brought a declaration from Gomez. This has cast a damper on his followers in northern Chihuahua. Three bridges on the Mexican Northwestern railway near El Paso, 65 kilometers south of Juarez, were destroyed by the Vasquezistas today. The bridges had been repaired only two days ago, and there is apprehension in Juarez tonight that the Vasquezistas are preparing to advance on that city from the Casas Grandes country.

## HARBERTSON SHOWS PROOF

Replying to a recent article in which it was charged that Yousuff Hassan had not acted altogether on the square in the matter of a wrestling match with Jack Harbertson, Tommy Dodge, the Greek wrestler, intimated that Harbertson had not entered into a contract with the Turk previous to the arrangements for the Yousuff-Dodge match.

As proof of the statement, Harbertson has filed his copy of the contract in possession of the sporting editor of this paper.

The articles were drawn up on February 9th and show that the Turkish wrestler was to have received 50 per cent of the gate receipts win, lose or draw. The contract bears the signatures of Yousuff and Harbertson, with the witnesses.

In explanation of his refusal to meet Harbertson after signing a contract with the local wrestler, Yousuff states that he was offered 40 per cent of the receipts by Dodge and declined to accept the better offer regardless of his arrangement with Harbertson. The advertising matter for the coming match between the Turk and Greek represents that the winner is to receive 75 per cent and the loser 25 per cent.

Through the inability of the promoters to secure a suitable hall for the Harbertson-McCarroll wrestling bout, scheduled to be held in Ogdén this evening the match has been called off. McCarroll arrived in this city Friday night and was badly disappointed in the necessary postponement of the match.

Jack Harbertson states that the match will be held on or about March 5th and that in the meantime McCarroll will fill a number of engagements in the southern part of the state and in western Colorado. The Idaho grappler reached Ogdén in splendid physical condition, weighing about 170 pounds. This is about eight pounds more than the local grapple weighs.

Johnson Accepts Dodge Challenge. Julius Johnson, the well-known wrestler, who defeated Tom Dodge, the Greek grappler, recently in a match at Preston, Ida., will meet the Greek again any time that the latter desires a match.

Since the match at Preston, Dodge is said to have circulated the story that he was not defeated fairly and that in a second match he would throw Johnson. It is to refute this charge of fraud that Johnson sends Dodge a challenge through the sporting editor of this paper.

Johnson says that he will sign articles of agreement at any time, the match to be pulled off in any town that will support it.

## Dandruff Germs Are Responsible

Baldness and Most Hair Troubles Due to This Parasite Which Destroys Hair Roots.

Nobody wants to be bald! But a neglected scalp means first, falling hair, then—BALDNESS. If you are troubled with itching scalp or falling hair, or even baldness, the dandruff germ, get rid of it without delay; check its advance, for dandruff is a germ which feeds upon itself and "feeding grows," destroying the hair roots, so that no new hair growth is possible.

Begin now, using HAYS' HAIR HEALTH, the surest, swiftest dandruff cure ever known. The dandruff germs, eradicates them (cleans out the pores of the scalp) and encourages a quick growth of youthful-looking hair. No unsightly dandruff scales on your coat collar. No bald spots on your scalp if you use HAYS' HAIR HEALTH. W. W. White, pastor Vienna (Md.) M. E. Church, writes us: "I have used half a dozen different hair tonics, but I find HAYS' HAIR HEALTH the very best preparation I have ever used for dandruff."

You can get it at any drugist's for 50c, or \$1.00 per bottle or from the Philo Hay Spec. Co., Newark, N. J.

## HOSPITAL NURSES ARE ENTERTAINED

Hagbert Anderson, the city jailer, who is now convalescent from the injuries which he received at the time of the Eccles building fire, entertained the nurses of the Dee hospital last night with a luncheon and musical recital, in appreciation of the careful nursing he received during his stay at the institution.

Mr. Anderson secured the services of Prof. Squire Coop, Mrs. William Alton and Mrs. E. G. Clark, the well-known singers, and a very entertaining recital was given. The recital, however, was not considered complete, either by the vocalists or the nurses until the jailer rendered a solo. Altogether the affair was a very pleasant one.

### INSPECTOR CARLSON CLEARS NEUENDORFF

Declares Man Who Killed Himself at Ogdén Gunshot of Groff Murder.

SALT LAKE, Feb. 18.—To connect Arthur Neuendorff with the murder of Mrs. Marcelle Groff, at 222 East Second South street several weeks ago, is absurd, said Inspector Carl A. Carlson at police headquarters yesterday. "We are positive that the murder was committed by William Schmicht, who is still at large, and whom Neuendorff, who committed suicide at Ogdén Friday, did not know."

"Because we are certain Schmicht committed the murder we want to strongly impress those who are searching for Schmicht, for whom there is a big reward, with the absurdity of connecting Neuendorff with the crime. He was nowhere near Salt Lake when the murder was committed and the Smith Neuendorff knew is not the Schmicht wanted for the murder."

A cablegram was sent yesterday to the mother of Neuendorff, who is in Berlin, Germany. She is said to be wealthy and it is possible she will order the body sent to Germany. The commissioners of Weber county are planning to find homes for the two children in Ogdén.

## OFFICERS ARRIVE FOR THE CHINESE

Armed with requisition papers from Governor Eugene N. Fox of Massachusetts, Daniel W. Hart and Edward T. Conway, police inspectors of Boston, arrived in this city late yesterday afternoon to take into custody Wong Wei, the aged Chinaman, wanted in the eastern city for the embezzlement of \$2,515.14.

Wei was arrested on lower Twenty-fifth street a few days ago by Chief of Police W. I. Norton, through information gleaned from certain of his countrymen in this city who knew of his connection with the eastern crime. Immediately after his arrest the authorities of Boston were notified and word was received to hold Wei until further orders.

According to the story told by the Boston office, when in Boston, sold vegetables and his son, San Wei, was employed as cashier in one of the largest Chinese restaurants in the city. The younger Wei had charge of all of the funds of the restaurant, it being part of his duty to deposit the receipts of the business in the bank. It is thought that father and son conspired together to steal these funds and to leave for their native land where they felt certain they would be safe from capture.

Instead of turning the money into the bank the son gave the money to his father and he in turn concealed it somewhere for it has never been found by the Boston police, although every effort to learn what has become of the money has been made. The theft of the money was discovered after more than \$2,500 had disappeared. Before this discovery was made, however, the two embezzlers had fled.

The younger Wei was captured by the New York police December 23rd, but the elder Wei eluded the eastern officers and reached Ogdén about a month ago. It is thought to have been his intention to remain in the west until he learned the fate of his son, who was indicted by a grand jury in Boston on a charge of embezzlement but who has not yet had his trial. Confiding the story of his part in the robbery of the restaurant owner to a number of his countrymen caused his apprehension.

At the time of the younger Wei's indictment an indictment was also brought against the elder Wei. The two officers will present the proof of this indictment and the requisition papers, which they have with them, to Governor William Dwyer and will secure extradition papers from him. It is expected that they will leave Ogdén for Boston Wednesday with their prisoner. When Wei learned that officers from Boston were in the city to take him back to the eastern city, he said he was not afraid and that he was not guilty.

Speaking of the trip from the east coast to Utah, the two officers stated that they left Boston with the temperature below zero and the streets covered with a layer of ice and snow more than a foot in thickness. Similar conditions were encountered until they reached Chicago. West of Chicago there was snow and ice but the temperature still remained around the zero mark. The officers were much impressed with the weather conditions as they found them here.

### There's Nothing so good for a sore throat as Dr. Thomas' Eclectic Oil.

Cures it in a few hours. Relieves any pain in any part.

## INSTALL OFFICERS OF UNITY LODGE

Unity lodge No. 18 of the Masonic order was instituted with an impressive ceremony by the Most Worshipful Grand Master of F. & A. M. of Utah and other grand lodge officers Saturday night in the Masonic temple. Following the installation a banquet was served in which about 175 persons participated.

The ceremony was the first of the kind that has taken place in Ogdén since the institution of Weber lodge No. 6 in 1874. Weber lodge is now the largest organization of its kind in the state. A party of the grand officers who were in charge of the installation came to this city from Salt Lake City on a special train, accompanied by the celebrated Romania-Hyde orchestra. Music was furnished by this well known musical organization during the banquet and following the installation.

At the conclusion of the ritual ceremony of the grand officers and talks were made by Grand Master S. H. Goodwin of Provo, Past Grand Master F. M. King, J. S. Lewis, C. B. Jack, the Rev. J. E. Carver and the Rev. A. F. Wittenberger.

The following grand officers took part in the institution of the new lodge:

S. H. Goodwin, G. M. of Provo; G. H. Dorn, D. G. M. of Salt Lake City; J. D. Murdoch, S. G. W. of Salt Lake City; W. J. Shealy, J. G. W. of Salt Lake City; G. B. Jack, D. G. Sec. of Salt Lake City; P. A. Conely, G. Tr. of Salt Lake City; P. A. Chapin, G. Chap. of Salt Lake City; A. R. Heywood, G. O. of Ogdén; A. S. Chapman, G. Lec. of Salt Lake City; H. D. Blumenthal, G. Pur. of Provo; H. D. Prosser, G. Sw. of Salt Lake City; G. H. D. Criss, G. St. Br. of Corlaine; H. D. Criss, G. S. S. of Ogdén; A. H. Palm, G. J. S. of Provo; C. C. Griggs, G. Mar. of

Provo.

Reall Ordinaries are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowels, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Reall Ordinaries commonly completely relieve constipation, except of course when a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents and 50 cents. Remember, you can obtain Reall Remedies at Ogdén only at our store—the Rexall Store, T. H. Carr Drugist.

### CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be too careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-detracting.

We personally recommend and guarantee Reall Ordinaries as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction; and we urge all in need of such medicine to try it at our risk.

Reall Ordinaries are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. ## YOUR LUCK

Is not to be depended upon. If you spend all you earn, what are you going to do when sickness, accident or lack of employment cause extra expense or stop the income. You can't pick money up to meet such emergencies. Start a savings account at our bank and put part of your earnings there weekly or monthly. You will be surprised what a feeling of satisfaction it gives.

## OGDEN STATE BANK

Capital and Surplus \$235,000.00  
Deposits \$2,000,000.00  
H. C. BIGELOW, Pres.  
J. M. Browning, Vice Pres.

Burke, and Daniel Dunne, G. Tyler, of Salt Lake City.

The new lodge, which was instituted will have about forty charter members and the following officers were installed:

H. L. Harrington, worshipful master; S. W. Wherry, senior warden; J. H. Barnhart, junior warden; F. M. Nye, senior deacon; A. Mark Smith, junior deacon; C. F. Denomere, senior steward; H. A. Bayard, junior steward; George Barlett, tyler; F. T. Moore, secretary; T. E. Matthews, treasurer; George S. Glen, organist; Rev. A. F. Wittenberger, chaplain.

## THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for the teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Weyth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications the hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make you look young and good-looking. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

## SHERMAN RETURNS FROM MEETINGS

District Forester E. C. Sherman has returned from Pocatello, Ida., where he attended the third annual meeting of rangers from Cache, Pocatello and Milledale national forests.

Mr. Sherman states that about 25 rangers were present at the meeting which lasted for three days and that many matters of importance were discussed and much useful information exchanged. In addition to the rangers who were present there were three supervisors and three district officers at the meeting. The first meeting was held last Thursday when the subject of grazing was discussed. Superintendent C. G. Smith of Cache district, and Supervisor J. F. Burns of Pocatello district acted as chairman of the second day's meeting. At this meeting and at the final meeting which was held Saturday, matters pertaining to fire fighting, forest road building and other matters were considered.

There's nothing so good for a sore throat as Dr. Thomas' Eclectic Oil. Cures it in a few hours. Relieves any pain in any part.

## INSTALL OFFICERS OF UNITY LODGE

Unity lodge No. 18 of the Masonic order was instituted with an impressive ceremony by the Most Worshipful Grand Master of F. & A. M. of Utah and other grand lodge officers Saturday night in the Masonic temple. Following the installation a banquet was served in which about 175 persons participated.
